Starting time guaranteed only instances where laborers are requested for the start of the working day, 8:00 a.m. unless set-up time is to begin later in the day. While every attempt will be made to provide laborers at the time requested subsequent to 8:00 a.m., such starting time must be approximate. Since laborers are assigned to jobs at the start of the day, it is impossible to gauge exact time of completion of first assignment. It is important that exhibitor check the man ordered, both in and out at the service desk. All work to be done under the supervision of the exhibitor or his representative.
